

1450

Features

- Huge hopper capacity
- Large sweeping path
- Main brush pressure adjustment
- Easy to use control panel
- Pleated micro-fine polyester filter
- Effective discharge system thanks to separate controls for hopper raise and tilting
- Maximum distance from discharge point and operator
- Great visibility whilst working
- Battery level indicator

The lever on the right side of the operator allows to set 3 different pressure levels on the main brush, according to the different cleaning needs.

NDC (No Dirt in Curve), whilst curving the side brush moves inwards automatically; the system avoids uncollected debris whilst turning.

The machine is equipped with 2 hydraulic pumps that manage the functions of the traction motor wheel and of the service.

Code	Model	Max. working width (mm)	Main brush width (mm)	Productivity (m ² /h)	Dirt container volume (l)	Max dumping height (l)	Power supply	Filter surface (m ²)	Max speed (km/h)	Weight (kg)	Dimensions (LxWxH) (cm)
